

Learn Local Mornington Peninsula Network News

Welcome to Learn Local Mornington Peninsula News

Welcome to our second newsletter. We hope to keep you informed with news and information about your Learn Local Mornington Peninsula Network and the adult education, training, activities and services we offer via this e newsletter. Read on ... We'll keep you updated on coming developments.

At the Charter Launch (L) Robyn Downie (ACFE), Managers, and Committee of Management members of LLMP Network.

Charter Launch

The Learn Local Mornington Peninsula Network recently celebrated the launch of its Charter agreement, a framework to support and guide the network in 2013.

Learn Local organisations involved in the development of the Charter were Peninsula Adult Education and Literacy, Sorrento Community Centre, Advance (formerly Peninsula Training and Employment), Rye Beach Community Centre, Mt Martha Community Learning Centre (formerly Community One), Mt Eliza Village Neighbourhood Centre and Mornington Community Contact.

The Charter outlines the network's vision, mission, values and principles. In addition, objectives and management procedures have been developed. The project objectives are:

- To build a strong and sustainable network
- To build a recognised brand
- To build community awareness of the network
- To develop an online presence
- To enhance learner experience by establishing awards; and develop careers advisor position.

Learn Local Awards

Learn Local Mornington Peninsula Network Launch

Leading up to the official launch of the LLMP Network in March 2013, each member organisation has nominated an outstanding Learner, Volunteer, and Teacher within their own organisation who has been awarded a prize.

These winners will now be nominated for the Local Mornington Peninsula Awards. We offer all nominees our best wishes as they go before an independent selection panel.

Prizes will be for each category with an extra category of outstanding program being awarded.

Regional winners will be announced at the official launch of the network.

Learner Success stories:

from Rye Beach Community House

Last year a young intellectually disabled man joined our men's cooking group. He had autistic tendencies and initially had difficulty communicating with the group and even working with some of the foods.

Over the weeks he came out of his shell and a sense of humour developed, he left the class for a while because he went travelling with his father. He returned to the class this year and has since completed his food handler's certificate and is looking for other short courses he can do.

He was encouraged by the cooking group facilitator to do some volunteering in the office, this year he has helped out in the office one afternoon a week, he works on the computer and answers the phone as well as talking to people. During this year he has also completed two computer courses and went off with two of our other volunteers to The Learn Local Customer Service training day.

The development of his confidence and improvement in his ability to communicate with others has been great to see and now he has a purpose, looking to improve his skills so that he may be able to find a part time job.

The social change in this young man is enormous and he is now happy to chat away to people on a range of topics and is becoming more self-motivated.

Courses at your Learn Local organisation

Coming in January 2013! Watch out for the new network brochure which lists a huge variety of courses and activities that take place at your Learn Local organisation everyday.
